Chief, Communications Division

23 June 1951

Chief, Operations Branch

Monthly Report for Operations Branch, June 1951

CRYPTOGRAPHIC STAFF COMMUNICATIONS:

1. Staff cryptographic communications were activated to the following stations:

25X1A

[Redacted]

2. Staff cryptographic communications were approved for:

25X1A

[Redacted]

- * 3. Code Clerks were assigned, as requested, [Redacted]

25X1A

4. Arrangements were completed for the conversion to Codress procedure on [Redacted] 1 July 1951.

25X1A

5. Arrangements are pending for the activation of the [Redacted] circuit 2 July 1951.

25X1A

6. A category C4 Budget estimate was supplied to Administration. This estimate is for the fiscal year 1953.

25X1A

25X1A

7. An investigation was completed concerning transmission delays involving ORC messages to [Redacted]. The delay was caused by loss [Redacted]

25X1A

CRYPTOGRAPHIC AND CLANDESTINE COMMUNICATIONS:

25X1A

1. The overt [Redacted] signal plan was pouches to [Redacted]. An RT-1 transmitter, M1 109K receiver, and accessory equipment have been requisitioned for this station.

25X1A

2. An emergency communications plan was prepared and pouches to the [Redacted] station. The [Redacted] overt signal plan was also pouches. The clandestine signal plan will follow when completed.

200. The [redacted] project has set up two sub-bases [redacted]. [redacted] has been assigned to the project on 100 days [redacted] and will depart by 7 July. [redacted] will finish training on 2725X1A [redacted] and will depart shortly thereafter.

25X1A

will depart for [] by 25X1A
25X1A

25X1A

11. Personnel for the [] project are being selected. A forty-three man T/O was submitted for approval as necessary to support the []. It will not be possible to fill this T/O until additional people are recruited and trained or until Military personnel are available.

25X1A
25X1A
25X1A

To [redacted] returned to Washington from a [redacted] Inspection tour on 25X1A
on 11/17/2011 as [redacted] Communications Area Officer. 25X1A

25X1A

On [REDACTED] hrs arrived in [REDACTED] to assume the duties of ~~25X1A~~
communications Training Officer for [REDACTED] 25X1A

25X1A
25X1A

2. **Area** [redacted] training area was established. This setup is similar to [redacted] it is merely a large residence setup with appropriate cover and is controlled by our COCOM instructors. This area will cover the training of [redacted] operations for both OCO and OMC. A separate residence will be guaranteed to allow separation of the OMC and OCO trainees.

25X1A

2. The Chief, [] made a trip to [] where he spent two weeks talking over the comic responsibilities for this area and getting many of their problems worked out. Plans were laid and activated toward construction of a joint comic base radio station to take the place of [] and the [] radio base at 25X1A such. This combined base will be called [] 25X1A

25X1A

Far and Southeast Asia
1. The place schedule books for [] together with crystals and Signal 25X1A
place instructions were forwarded to [] All signal planning will now be
done in the area by [] staff

25X1A

1. The processing of seven additional cargo technicians for the CRC
activity is continuing. It is expected that two of the
seven will be ready for departure around the first week in July. The remainder
are scheduled to leave after the fifteenth of July.

25X1A

Latin America

1. A proposal has been received from [redacted] to activate a radio station 125X1A for lateral service to the Latin American area.

2. Planning is continuing for the conversion of the Latin American network to the status [redacted]
